

Progressive Schools
with **Smart Classes**
can now use **LBF Hi-Tech Teacher**
to produce **Brilliant Students**

LBF **Hi-Tech Teacher** is a video-enabled platform which helps teachers to teach efficiently in smart classes using a computer system.

- All lessons of the LBF Course Books are encapsulated in audio-video format
- Students learn the skills of listening, speaking & reading simultaneously through multi sensory approach
- Proper pronunciations & voice modulations to develop fluency & command over languages
- Learning & understanding of all available subjects through Karaoke.

Nursery To Class 5th

Content will be available on chargeable basis for all the LBF Course Books implemented in school.
